

## Online Eucharist: Questions to Consider

### *In preparation for participating in an online eucharist:*

What is your earliest memory of participating in a eucharist or communion service?

Do you have a memory of an experience of the eucharist that was particularly memorable? Was it joyful? Painful?

Why do you participate in eucharist? What about this practice is important to you?

At the beginning of the pandemic our Primate encouraged us to fast from the eucharist and feast on the Word. What have you noticed in this time?

As you think about participating in an online eucharist, what excites you? Intrigues you? Concerns you?

*After you participate in an online eucharist* (it would be helpful to answer these questions after your first experience, and then again after you have participated multiple times).

Thinking back on your experience, what did you notice?

Did anything stand out for you? (Either positive or negative?)

What questions (if any) do you have?
